## Who We Are...

We are nine individuals whose lives were changed forever by the five words, "you have a brain tumor." In an effort to ensure that no other family hears those words, we have come together as a group, dedicated to the fight against brain tumors. Brain tumors require an emphasis on research, support, advocacy and most of all HOPE. Since 2007, we have raised over \$250,000 toward this fight.

Thank you for joining us in this effort!
