Come learn about UConn Health’s clinical consulting relationship with Dr. Henry S. Friedman of Duke’s Preston Robert Tisch Brain Tumor Center (PRTBTC). UConn Health Division of Neurosurgery is now consulting with Dr. Friedman at Duke’s PRTBTC for co-management of UConn Health’s brain tumor patients. This enhanced consultative capability will enable any UConn Health brain tumor patient to benefit from Dr. Friedman’s broad experience and the highly specialized brain tumor treatments available at Duke. Patient care will be provided by the outstanding team here at UConn Health with supportive consultation from Dr. Friedman.
