

Living with a Brain Tumor: Tools to Empower Patients and Caregivers

12th Annual Fred Cohen Symposium

Friday, November 2 • 9am–1:45pm

Hartford Marriott Downtown 200 Columbus Blvd, Hartford

- Free valet parking
- Lunch and refreshments will be provided

A FREE Program for Patients and Families

Keynote presentation by John de Groot, MD, professor and chairman ad interim, Department of Neuro-Oncology, The University of Texas MD Anderson Cancer Center.

A brain tumor diagnosis has a substantial physical and psychological impact on patients and family members.

At this annual event, all attending will have an opportunity to meet with other patients and caregivers and discuss common issues. Patients and family members are encouraged to participate, share their stories and help create a learning community.
