

As the Path of Hope walk is around the corner, I wanted to inform you of a great cause in which to take part. My name is Elli Haskes I am fifteen years old, and I am working on a project to help children whose parents have been diagnosed with brain tumors. When I was five years old, my mother passed away from glioblastoma, so I know what it is like to be a child with a parent with a brain tumor. I am collecting items to create Care Packages to give to children whose parents have been diagnosed. I would love if you all would donate items for this Care Package, and I will have a table set up starting at 8:30 on Sunday, up until the beginning of the walk/run. Please see the following list for items that I will be collecting. Monetary donations are also welcome as I will purchase items with them!
